Year End Financials

On a yearly basis the Holyoke Housing Authority must certify and submit our year end financials to DHCD. The financials are prepared by the Accounting Department and Fee Accountants and were provided to the Board at our April 9th, 2017 Board Meeting. Before we can submit these financials to DHCD the Board must approve the documents via board resolution. (Back up was provided at the meeting).

Discussion:

The Executive Director introduces the Fee Accountants and asks if they may be able to do a presentation for the Board. Teresa the Fee Accountant starts by explaining that under DHCD most recent regulations the actual state financial statements that we have submitted need a Board final approval that needs to be signed, there is a signing page to be signed. We have three different statements the first one is the 4001 (72 units) financial statement which shows the end result being really good. We have been able to build reserves on that program the 4001 actually made \$30,000.00 for this year that was added to our reserves. Our reserve level is currently at 44.8% of our reserves.

Our 689 program (special needs program) is 8 units, this is a small program. We currently trying to build our reserves for this program. We made a total of \$2,700.14 that was added to the reserves for the 689 program for the year. Mr. Mainville asks if when the last we implemented a rent increase here. The Theresa (Fee Accountant) said we can do it every year, Janara explained she does it every year by a small percent each year. It is important that we grow our reserves as with this program we are paying for any repairs directly from the account. If something breaks the funds are eaten up very quickly.

MRVP State Rental Housing, this program doesn't have a min or max reserves, we just try to break even or make a little bit of money if possible. This program is large enough to make a little we bit of money but not much. We only get \$40.00 a unit for each unit that is leased. In comparison to section 8 where we get double that for leased units. We are lucky enough to make \$14,000.00 this year towards reserves.

Vice Chair Falcetti to the Fee Accountants, Do you see anything coming down the pipeline? Do you see anything such as unexpected issues? Theresa (Fee Accountant) we talk about these things during budgeting. This is the reason we have tried to build our reserves back up so that we are able to handle unexpected turn of events.

The Executive Director asked if the Fee Accountants were able to give us a sense of how we ended last year (2016). The Fee Accountant asks everyone to look at one of the handouts on the second page 3/4th of the way down where it says total net income before opeq. If you look across you will see that we had a surplus of a little over \$400,000.00 as a total agency. That was after we contributed \$500, 000.00 to the Lyman Terrace project at the very end of the year. Before making that contribution at the end of the year we had made almost a million dollar surplus for the entire year. All of the programs have gotten much better and are making money. Our Section 8 Project, Housing Assistance, and Federal Programs have gotten stronger. The Executive Director takes a moment to thank the HHA Staff who have worked very hard and diligently to make these things possible as they are all working with less and doing more. Janara Healy, Nick Ottomaniello, Marc Ruell, Anne Darcy, Katherine Barz, Donna Wagner, Misamaris Semprit, Brian Burbank and the Fee Accountants.

Discussion

Congregate House.

The Executive Director asks the Board if he may fill them in on some things happening with the Raymond P Murphy Congregate House. He begins, back in 2015 Councilor McGee filed an order for the City to declare surplus the land on which the Congregate House sits. It's about 1.35 acres, he wanted to declare it surplus and then convey it to the Housing Authority. It went to Dave Bartley's sub-committee and has sat in Dave Bartley's sub-committee since 2015, almost 2 years.

Now the Geriatric has been vacant since the sheriff moved back down to Springfield. Marco has been making an effort to market the Geriatric Authority and in order to do an RFP the city has to approve that as surplus property. On Monday of this week Dave Bartley Jr. had his sub- committee and on that was the idea of declaring surplus for the purposes of doing a solicitation, the property in which the Congregate House sits and well as the Geriatric Authority. Subsequent to that they voted 5 to 0 in the Sub-committee to have this declared surplus, this happened Monday. Tuesday it goes to full city council meeting, Councilor Lopez calls me during the course of the day and informs me of this (I didn't have a sense that this was going on). Councilor Lopez asks what the Housing Authority's wish would be, I said obviously we would like to see the property declared surplus and then conveyed to us in one fell swoop. Councilor Lopez does a late filed order and asks that the property be declared surplus but then that our 1.35 acres be convey to the Holyoke Housing Authority, it doesn't get traction, and they go around and around and end up taking a vote and declaring both parcels surplus, it doesn't pass. At this point they take a vote to declare all three parcels surplus with no contract action on what they are going to do with the Congregate House. Counselors Lopez, Bresnahan, Greaney and Tallman all object. Two councilors were absent Councilors McGee and Valentine. Because it was a 9 to 4 vote they couldn't get action on it so it has been "tabled". Tabled items will stay on the agenda until dealt with or will be unless someone puts in a motion to remove it.
